Referral form

Thank you for your consideration.

Caregiving is hard. At Seniorlink/Caregiver Homes, we provide high-quality care to individuals and families caring for a loved one at home. Our model, known broadly as Structured Family Caregiving, was the first HCBS model in the nation to receive the National Committee for Quality Assurance's (NCQA) highest level of accreditation for case management with LTSS Distinction. Our program offers guidance, financial assistance and support to families, so they can feel more confident in providing care for loved ones at every step of their caregiving journey.

Determining eligibility

To qualify for Seniorlink/Caregiver Homes, the care recipient must be eligible for Medicaid, require 24-hour, live-in care and need help with some Activities of Daily Living (ADL) like Bathing, Dressing, Walking, Transferring (help getting in/out of bed), Toileting, and Eating.

If you have a client or family that could benefit from our program, please use the form below. We thank you for the important work you do to support family caregivers in the community.
