## Mission & Vision Statements

### Mission

"We are founded to provide high priority outreach programs and emergency assistance to individuals in crisis, locally, nationally, and worldwide."

### Vision

It is our vision that all Missing Pieces Project participants receive the necessary assistance to not only survive but thrive in communities devastated by poverty, crime, and natural disasters.

### Organization Overview

Missing Pieces Community Development Corporation is a 501 (c) 3 organization founded to implement innovative programs that reduce crime, involve inner city youth in community service, and provide safe transport to senior and disabled citizens. We collaborate with organizations diligently serving the community and our most vulnerable residents. MPCDC also offers discounted business services such as business creation, 501 c 3 formation, grant writing, as well as consulting.

## Missing Pieces Projects

### **S.A.F.E. (Seniors Against Fearful Environments)**

S.A.F.E. provides transportation for pre-registered Seniors and wheelchair bound residents to safely cash checks, pay bills, fill medical prescriptions, and grocery shop. In the wake of COVID-19 we currently offer transportation to vaccinations, testing, food banks, and other essential services.

### **Suited and Booted**

The Suited and Booted program provides interview attire for men and women job seekers. The participants are given one suit upon applying for assistance. However, after full-time employment is obtained participants receive an additional week of business professional or business casual work attire.

### **F.L.O.W. (Future Leaders of the World)**

The F.L.O.W. mentor program prepares children ages 5 -18 years for the next level. F.L.O.W. incorporates college preparatory and character-building skills such as Self-Empowerment, Critical Thinking, Cultural & Diversity training, Volunteerism, Conflict Resolution, Anger Management, Goal Setting, Budgeting, and Crime Intervention.

### **Missing Pieces Employment Express**

The M.P.E.E. program provides transportation to higher paying worksites not accessible via normal METS and city bus routes. Pre-registered participants can be transported to worksites along HWY 41 (Monday-Friday) as far North as Toyota Motors Manufacturing in Princeton, Indiana and as far East as Shoe Carnival Warehouse along HWY 57. Please contact our offices at: 812-425-3651 and 812-425-3652 to apply for reliable transportation to and from work.

## International Outreach

### **ANGUILLA, BRITISH WEST INDIES**
