

## **Low-End Prices for Anderson's Appliances – Revised 11/21/2022**

- Prices vary depending on age of appliance, condition, features, size (refrigerators).
- There is a 30-day warranty on all appliances.
- After-warranty service fee on appliances purchased from Anderson's is \$45.
- Delivery charge is \$25 for St. Vincent de Paul voucher customers. \$50 otherwise.
- If the customer cannot pay the delivery fee, it is covered by District Council.
- The amount of the appliance purchased cannot be more than twice the total value of the voucher. i.e., a stove listed at \$350 cannot be purchased with use of a SVdP voucher less than \$175. The customer would need to choose a lower-priced stove. This is to avoid providing a "coupon" for someone who can afford the appliance.
- Lowest price appliances are not always available.
- All prices listed below are the lowest starting price for the appliance described.
