

Energy Assistance

The Energy Assistance Program (EAP) is designed to assist low-income households with winter heating. Services under this program are provided in Vanderburgh, Posey, and Gibson Counties.

The EAP application opens October 1, 2025 and closes April 20, 2026. CAPE's application assistance appointments start November 3, 2025. You can make an appointment online or by calling (930) 212-1991.

- Moratorium: Once you are approved for EAP, you may be protected from utility disconnection between December 1st and March 15th if you qualify. However, you may be disconnected before December 1st or after March 15th.
- Even though you are getting help with your utility bills, EAP benefits will not cover them completely, so YOU must keep paying your bills throughout the year.
- Weatherization services may help reduce your energy consumption.
- You have the right to appeal the process or decision of your application.
- You must have proof of income for all household members age 18 and over for the most recent 90 days, and a current utility bill with account number. A photo ID may also be required.
- Households with utilities included in rent do qualify for this program and require a landlord affidavit.
- Missing / incomplete information may result in delay or denial of the application.

Apply online at <https://www.in.gov/ihcda/homeowners-and-renters/low-income-home-energy-assistance-program-liheap/>
